

MANIFESTO

I, **Abhay Pratap Singh** (22B0361), contesting for the position of **General Secretary, Hostel Affairs (GSHA)**, pledge to enhance the overall student experience by ensuring transparency, accessibility, and efficiency in the institute. I am committed to streamlining existing facilities, introducing meaningful initiatives, and fostering a student-friendly environment where concerns are addressed effectively. If elected, I promise to be approachable, accountable, and open to suggestions. I propose to undertake the following:

EATERIES & MESS

- Introduce a **Flexible Meal Opt-out System** incentivizing students for reducing food waste, supporting sustainable efforts
- Push for a **new food outlet** in the Hostel Area to enhance access to fresh and healthy options including fruits and juices
- Push for the installation of **tea and coffee vending machine** in academic and hostel area, ensuring round-the-clock availability
- Initiate the inclusion of **healthier options**, like boiled vegetables and salad bowls in **institute canteens** to ensure availability of nutritious choices
- Initiate the establishment of a **convenience store** having quick-service facility near SAC parking area to provide students with easy access to essentials

TRANSPORTATION

- Push for the **expansion** of e-shuttle fleet enhancing campus transportation
- Introduce **e-scooters & e-rickshaws to enhance connectivity** between campus, local stations and market complexes, offering sustainable and cost-effective transportation
- Implement **live tracking** and **seat availability system** in E-transport, enabling real-time updates on vehicle locations and available seats

HOSPITAL & PUBLIC HEALTH

- Expedite the process for the availability of multiple **gynaecologists** and **dermatologists**, reducing wait times and improving timely care for students
- Revamp **hostel first aid kits** with essential medical supplies through hospital, ensuring immediate care for students during emergencies
- Expand ambulance availability by ensuring access to additional vehicles via empaneled hospitals, with the provision of a **female attendant**
- Follow up on digitalizing PHO's daily cleaning logs to enhance efficiency and transparency

INSTITUTE WIDE FACILITIES

- Set-up well lit seating areas with sheds and charging ports including upgradation of existing bus stops
- Install **soundproof booths** in the library to provide private space for short meetings to enhance focus and minimize distractions

- Install **water coolers** at strategic spots across the institute and **hot water dispensers** in LHC
- Follow up on the establishment of an **electronic shop** to cater the institute's diverse requirements, supporting both academic and operational needs
- Follow-up on centralized laundry service to offer convenient solutions for specialized fabric treatments

SUSTAINABILITY

- Install **reverse vending machines** for plastic bottles and cans, offering **redeemable coupons** to encourage recycling and minimize campus waste
- Follow up on the installation of **motion sensor-based lights** in public restrooms and toilets to promote energy conservation
- Facilitate the installation of **tap aerators** across campus to promote water conservation and support sustainable, eco-friendly practices
- Push for the implementation of **smart water metering** and **actuation systems** across hostels to optimize water usage
- Strive for a certified **Net Zero campus** by integrating sustainable practices into institute operations
- Introduce **waterless urinals** in the institute to promote water conservation

SECURITY & NETWORKS

- Follow up on implementation of **license plate scanning system** to monitor vehicle movement and maintain a database for enhanced safety
- Digitalize the apartment allocation process for **married research scholars**, allowing for real-time updates on the portal to enhance transparency and accessibility
- Establish an **application tracking system** for grievances from the students to streamline communication with administration and enhance resident satisfaction

MISCELLANEOUS

- Push for the construction of **washrooms for specially abled students** in LHC and implement well-positioned **accessibility ramps** at the LHC front gate and central library to enhance inclusivity and ensure seamless mobility
- Improve **hostel sport grounds** by improving ground levelling, drainage covering, lighting, and infrastructure for better usability and safety
- Integrate **overhead covers on existing footpaths** from Hostel 12 to the LHC area to ensure seamless access to the academic area
- Structural **revamp of Aromas Dhaba** to enhance aesthetics, hygiene and dining conditions for an improved visitor's experience
